

AN OUTSTANDING Centennial-year program will be performance by the internationally famous Koshare Indians, a group of Boy Scouts from La Junta, Colorado, who have studied and perfected the traditional dances of the plains Indians. Sponsored by the Porterville Methodist Men, the Koshare Indians will perform in Jamison Stadium, July 10 at 8 p.m., with tickets now on sale at the Porterville chamber of commerce, Gibson Stationery, Burkhardt's, and the Methodist church office. This colorful group has appeared throughout the United States, and was recently written up in Readers Digest. Their program is excellent family-type entertainment.

## OLD-TIME JULY FOURTH CELEBRATION

PORTERVILLE, June 22 — It will be an old-fashioned Fourth of July in Porterville, with a parade, a picnic, oratory and entertainment, plus a gigantic fireworks display planned for the all-day and evening program.

Porterville chapters of the Native Sons and Native Daughters of the Golden West will be in charge of the parade and picnic; Porterville Exchange club will sponsor the free fireworks display, this latter event set for Jamison stadium starting at 7:30 p. m. Entertainment will precede the fireworks.

The Fourth of July parade will start at 10:30 a. m., featuring the Porterville Centennial cavalcade, Horseless carriages, horsedrawn vehicles and riders; everyone with old cars, horses, or horsedrawn vehicles are invited to participate.

The parade will form in the North Street area at 10 a. m., move south down Main street to Vine, turn around the block, come back down Main to Putnam, then out to Murry park, where a family picnic will be held.

Persons attending are invited to bring their own basket lunches, however, concession stands will be open in the park serving beans, hot dogs, cold

(Continued On Page 3)

## PROGRAM SET FOR AIR SHOW

PORTERVILLE, June 22 — A record number of airplanes—possibly 800—will be in Porterville from throughout western states over the weekend for annual Moonlight Flight at the municipal airport Saturday and Sunday, with the two-day program to be climaxed by the San Joaquin valley's biggest air show Sunday, under direction of Joe Pfiefer and Cliff Winters.

Private pilots, and their families, will start arriving Friday evening, with the real rush of aerial visitors expected Saturday afternoon. The Moonlight Fly-in is being sponsored by the Porterville Area Pilots' association and the Porterville Breakfast Lions.

Dinner will be served at the airport Saturday evening; a stage show will be presented, followed by dancing to Buck Shaffer's Fabulous Studio band. The "all sold out" sign has gone up at hotels and motels throughout the Porterville area on the strength of advance registrations of pilots.

As in past years, a number of pilots will "camp out" under the wings of their planes on the airport Saturday night.

A five million dollar display of aircraft, navigational aids and aircraft accessories will be set up at the airport; concession

## THRILLING AIR SHOW, AVIATION DISPLAYS, DANCE, ENTERTAINMENT, HOT AIR BALLOON ARE SET FOR ANNUAL MOONLIGHT FLIGHT

ONE OF the thrilling stunts that will be performed by Cliff Winters on a rope ladder beneath an airplane piloted by Joe Pfiefer, during the Air Show at the Porterville Municipal airport Sunday. The show, sponsored by the Porterville Area Pilot's association and the Porterville Breakfast Lions, is called "the greatest ever staged in the San Joaquin valley," and will be a feature of the annual Moonlight flight, Saturday and Sunday, during which pilots from throughout the west will come to Porterville for the weekend.

A 1916 SOPWITH Pup built by the British and rated as the most deadly machine in the air during World War 1, will be a featured display at annual Moonlight Flight and Air Show at the Porterville Municipal airport Saturday and Sunday. The airplane was constructed, piece by piece, by Joe Pfiefer,

of Industrial Aviation, on the Porterville airport, over a period of six months, from original British blue prints. In photo layout, top to bottom, left to right: Joe, right, and his two boys, Corky, left, and Butch, with the finished plane; work during construction period; front view of World War 1 Le

Rhone rotary engine, (the entire engine turns with the prop) and cockpit of the Sopwith, showing World War 1 instruments; two views of the completed plane; the Sopwith ready to land after short test hop, with Butch Pfiefer at the controls. (Farm Tribune photos)

## Who'll Replace Jim McBride As Boss of Finance Committee?

By JACK S. McDOWELL  
News-Call Bulletin Political Editor

SACRAMENTO, June 14

The sudden death of Senator Jim McBride (D-Ventura) left heavy hearts, moist eyes and golden memories in the Senate. But it also left a problem.

Who will replace him as chairman of the omnipotent Senate finance committee?

This is no job for beginners. The Capitol considers it the most important assignment in the Senate, save that of the president pro-tem.

Hugh Burns (D-Fresno), president pro-tem and boss-man of the Senate shop, dug through his graying hairs with his fingernails as he thought. He was beset by two problems—a deep grief over the loss of a close friend and the problem of putting someone in that friend's legislative shoes.

"Actually," Burns began, "there's only one man on

McDOWELL

the finance committee who has the ability, the eligibility and the availability to take over as chairman.

"That's Senator Howard Williams (R-Tulare).

"But Howard's a Republican. The Senate is 30-10 Democratic and if we put a Republican in charge of the Senate's most important committee, there'll be the devil to pay among the Democrats from one end of the state to the other.

"Pat Brown might understand this. I'm not sure. But I am sure the Democrats on the outside would not."

Of the 12 surviving members of the 13-man committee, five are Republicans and seven are Democrats. Of the Democrats, vice-chairman Charley Brown (Inyo-Alpine-Mono) is beyond the age of accepting such a burden.

SENATOR RANDY Collier isn't about to leave his beloved transportation chairmanship. Nor is Luther Gibson (Solano) about to give up his powerful captaincy of governmental efficiency.

Burns and George Miller (Contra Costa) are ineligible because of their rules committee berths. Hugh Donnelly (Stanislaus) isn't expected to leave his education committee at his age for the sweat of finance boss—and Dick Richards (LA) hasn't sufficient seniority.

Burns sat reflectively in the front row of the Senate—with a floral wreath on the empty desk of Jim McBride gnawing at him—and at every senator and those of us who, for one or another reason, live with the Senate.

NOT FAR AWAY, Senator J. Howard Williams sat with no knowledge of what was churning in the mind of the Senate boss.

Williams is a no-nonsense sort of legislator. He talks as straight as the part in the middle of the graying-brown hair that tops his tall body. Williams is a gusty guy of the type Burns admires. He has the budgeting experience Burns demands. But he has a drawback Burns can't overcome: Howard Williams is a Republican.

## Our Editorial Comment

We are great believers in the two-party system of government in the United States as one means of assuring continuation of self government by free men.

Medical Mirror  
WHAT DOCTORS SAY ABOUT:

## Armchair for Bad Heart

Q. A member of my family recently had a heart attack. Much to everyone's surprise the doctor allowed the patient to sit in a chair the very next day. I have always heard that a heart victim needs complete rest. Am I right or wrong?

A. You are partly right but a little bit behind the times. Recently there has been considerable interest in the armchair treatment of patients who have certain types of heart attacks. Some of the top heart specialists let some patients sit in a chair at intervals beginning the first day or so after the attack. Certain patients allowed this privilege seem to get along better than those kept flat on their backs. Doctors have found that, generally speaking, the heart works harder when we are lying down than when we sit up. This does not mean that all heart patients should jump out of bed. It is for the doctor to decide which treatment method is best.

Questions directed to Science Editors, P.O. Box 396, Madison Sq. Sta., N. Y. 10, N. Y. will be incorporated in these columns when possible.

COBB DRUG CO.

401 N. Main

SU 4-5824

But when the system gets in the way of good government, as it is apparently doing in the case of Senator J. Howard Williams in relation to the chairmanship of the State Senate Finance committee, then the system should become secondary and the man paramount. The Democrats will be doing a great disservice to the State of California if they by-pass Senator Williams just because of his party affiliation. After all there is no question but that Senator Williams is the best man in the Senate to head the finance committee.

WORTHWHILE  
LIBRARY BOOKS  
ARE LISTED

PORTERVILLE, June 23 — "Ring of Bright Water" by Gavin Maxwell is a reading tonic. Mr. Maxwell's beautiful descriptions of the coast of the Scottish Highlands where he made his home for several years, and his funny and moving word pictures of the pet otters who are the main characters, make this a completely charming and delightful book. It is as beguiling as Robert Robertson's "Of Sheep and Men", which was one of the merriest, most sophisticated and informative "personal" books of 1957, even though the subject is an unusual one, sheep and the Scotsmen who tend them.

Dave Garroway of TV fame, has come forth with a most useful book for parents who take automobile trips with children. "Fun On Wheels" gives 150 ways to reduce the wear and tear on parents, and at the same time keep the youngsters happy and entertained while traveling. "Lanterns and Lances", James

## Fifteenth Installment

Wednesday Decm. 1st 1858. — I have made up mine mind to go to Kern River 150 miles above here (Los Angeles) My fare there will be \$14.00. I have written a letter to Arthemies my Dear Sister — and one to Uncle Royal.

Thursday 2d Decm. 1858. — The weather is very cold for this portion of country, can see plenty of snow on the Sierras. There is a circus here to night. I am all right, some lonely.

Friday the 3d of Decm. — Last night at 12 O'clock I took passage in the Overland Stage for Kern River. Reached the old Mission San Fernander at 3 O'clock A.M. The wind was blowing tremendous as we passed over the Sierra Nevada Mountains. I suffered some with cold during the night. Arrived at Fort Tehone at 5 O'clock P.M. reached my destination Kern River at 10 O'clock P.M.

Saturday Decm. 4 1858. — I am now remaining at the O. M. Station in Kern River. The day is warm & pleasant. Two are keeping here by the names of Albert & Vail. Fine fellows.

Sunday the 5 of Decm. 1858. — It is now raining in the Valleys but snowing in the Mts. Augustus Vail one who is attending here came from old Tioga County & is well acquainted with all those home Towns of mine.

Monday the 6 Decm. 1858. — This morning I left Kern River a foot and a lone expecting the stage would over take me in a few moments. Though unfortunately it did not untill after dark & I had traveled 26 miles from Kern River — At Willow Springs I took the stage again. Passed White River and also Tule River in the night. Country damned Ruff. Weather very cold. Stage riding is disagreeable. Plenty of Whiskey a board. A jolly set.

Tuesday the 7 Inst. 1858. — We were last night a bout two O'clock A.M. in a heavy fog, were a long time in finding our way to the next station. We reached the Town of Visalia at Breakfast time this morning. My foot is very sore from walking yesterday & I am very sleepy being up all last night. This place is quite a flourishing & entertaining Town. They are improving very fast. Many Brick buildings are going up. A Party at Billings Hotel to night. My place of abode.

Wednesday the 8t Inst. 1858. — A cold night we experienced though the sun is now shining bright & warm to day. The Overland Stage passed here to day full of Passengers.

Thursday the 9 Decm. 1858. — I have written a letter of J. F. Eddy —

Friday the 10th of Decm. 1858. — This morning received employment by the Overland mail company at \$30.00 per month. I am not able to do hard work yet, or I could get more wages. I am stationed 10 miles east of Visalia & Board with two men by the name of Putnam. There is plenty of "Acorns 'gals' or Maids of the Forest close by.

Saturday the 11 Dem. 1858. Last evening two men stayed all night with us & started for Visalia this morning. The weather appears very much like rain. All is well.

Sunday the 12 Dem. 1858  
Monday the 13 Dem. 1858  
Tuesday the 14 Dem. 1858  
Wednesday the 15 Dem. 1858  
Thursday the 16 Dem. 1858  
Friday the 17 Dem. 1858  
Saturday the 18th Decm. 1858.

## We Only Heard

BY BILL RODGERS

THEM AS who said the Porterville Centennial celebration couldn't hold up for an entire year might be changing their minds about now, what with the community still jumping with Centennial joy.

LAST NIGHT it was the Centennial group in the Visalia ball park; last Saturday the Centennial committee appeared officially at the Tule River Indian Reservation's San Juan Day, along with a number of other historically-minded citizens of the area; then Saturday evening there was great commotion as the Bushfaces dunked their former brothers who shaved off their beards—and got dunked themselves before it was all over. And what a fine job the Divine Order of Lovely Ladies did for this event, rolling the boys on a barrel to revive them after they were pulled from Zoe Claubes' horse trough, and presenting them with a small bottle of straight medicine, purely for health's sake.

AND COMING up this weekend is the annual Moonlight Flight, enlivened with Centennial color; then the Fourth of July celebration; and only a few days later, that fine Koshare Indian show in Jamison stadium on July 10.

EVEN THE Calaveras county frog is back in the act, appearing this week for a second time on top of United Savings' time and temperature sign . . . That sign is pretty high, and that frog weighs 100 pounds—but those Calaveras frogs are real jumpers.

ALONG WITH all this the "Save the La Motte school project" is still moving along, with contributions coming in toward the estimated \$500 that it will take to renovate this old Success Valley school at the Moonsey Grove Pioneer village. You can send your dollar or two or five for this project to the Tulare County Historical Society La Motte project, P. O. Box 1110, Porterville; any contribution is greatly appreciated.

THEN THERE are six or seven hundred youngsters playing summer baseball in the various city recreation leagues, and an equal number in the Red Cross - City Recreation swimming instruction courses, and summer school got started Monday, all of which means that if there is a dull moment anywhere in Centennial Porterville, we just don't seem to be able to find it. Can you?

## JULY FOURTH

(Continued From Page 1)  
drinks and coffee. Serving will start about 12 noon.

During the afternoon program a brass band will play; the Divine Order of Lovely Ladies will present a show; there will be a parade of Bearded Wonders and Lovely Ladies, with prizes going for best costumes.

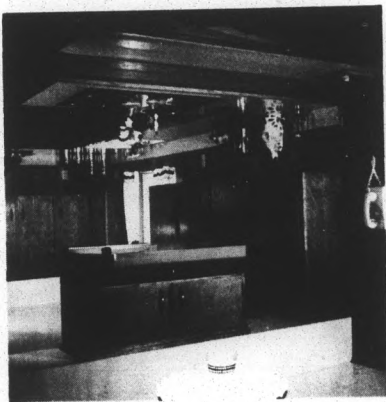

"Sporting" event as in the old days will be featured — sack races, tug-o-war; pie eating contest, melon eating contest, and other attractions.

Orator for the day will be State Senator J. Howard Williams; general chairmen of the event are Mr. and Mrs. Donald Witt.

Other attractions, for the Fourth of July celebration are now being planned, with the old-fashioned observance presented as a feature of Porterville's year-long Centennial celebration.

BILL AND JIM

Well lighted, well ventilated kitchens and all-electric built-ins are included in every Robertson - Coleman Medallion built homes.

Indoor barbecue. A feature of all Robertson - Coleman homes and a favorite of home owners.

# WEATHERWISE and . . . WONDERFUL

Building completely air-conditioned homes at prices the average family can afford to pay, is not only earning Porterville area builders Jim Robertson and Bill Coleman a reputation as builders of wonderfully comfortable homes, but, is keeping them busy as well.

So busy, in fact, that the young team of contractors are having to work extra hours to meet the demand. At present they have under construction three new homes which like the one in the picture above will have a single power source for both heating and cooling—the fabulous heat-pump.

Why a heat-pump? "Because" say the partners, "the unique single system is preferred by a majority of home-buyers who want simplicity of operation, low maintenance expense and air that's continuously clean and fume-free. And, of course," they add, "the lower installation charges is one of the reasons why we can keep the price within the family budget."

Naturally, as heat-pump men, we appreciate these kind words and, we're even more appreciative that Jim and Bill have selected our firm from which to purchase their equipment and to make the installations. We can assure you, as a prospective buyer of one of their homes, that the equipment is the finest and should you ever need it, the service will be likewise.

**IT'S VACATION TIME, DRIVE WITH CARE!**

# These prominent Porterville civic leaders ask your cooperation for child safety and traffic safety

**MR. HAROLD HAMMERSTEN**  
SUPERINTENDENT OF ELEMENTARY SCHOOLS

Our Porterville schools, during the past school year, offered a fine program of safety education. We endeavored to develop safe work and play habits for our young people at every grade level.

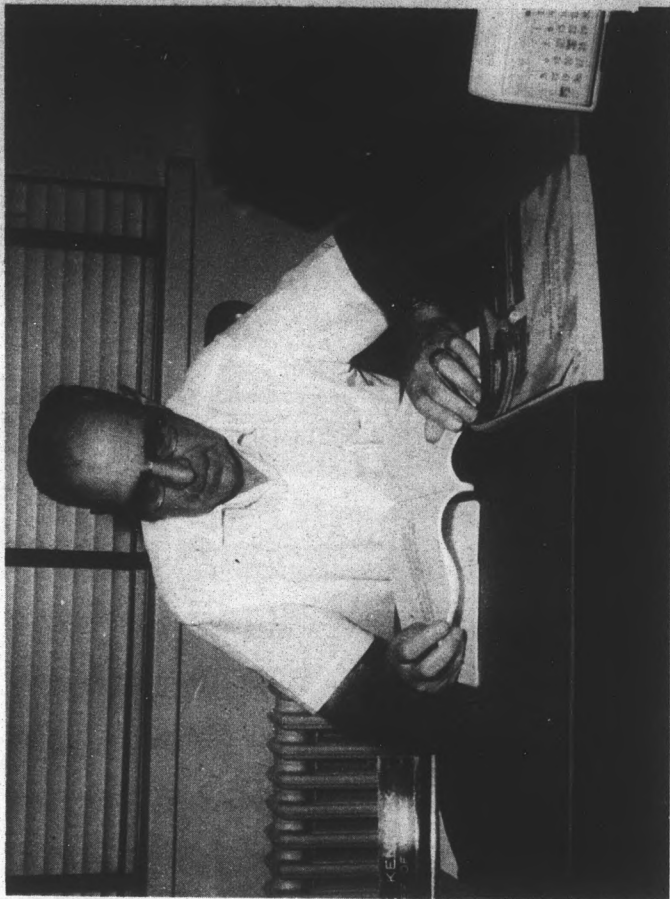

However, it is possible that some youngster, in the excitement of play, may forget the most elementary safety rules and dart into the street or cross where it is not safe. His fate may then depend on how carefully our motorists are driving. We urge all parents and other members of this community to follow the safety rules of the highway and at all times remember, safety is no accident!

**MR. JACK LETSINGER**  
MAYOR OF THE CITY OF PORTERVILLE

With schools out for summer vacations, many of our streets are thronged morning, noon, and afternoon with children of all ages. These are our adults of tomorrow who are as carefree today as we were yesterday. Therefore it takes an extra measure of caution while we are driving to make up for the safety consciousness that some of our younger children may forget.

It may be that some boy or girl, perhaps even your own, will live to see next school semester because the adults of Porterville drove carefully this summer.

**MR. JAMES KENDRICK**  
PORTERVILLE CITY CHIEF OF POLICE

The Porterville Police Department is proud of the commendable safety record this town has established in recent years. Our Porterville Police force has worked as a team along with the motoring public to achieve this record, and we pledge our support to every effort made in behalf of child safety.

We are doing everything in our power to assure the safety of our children as they play and enjoy themselves during summer vacation. In the final analysis however, their fate is in your hands. When you are driving, obey all the traffic rules, keep alert and drive carefully, and our streets will be safe streets for our children.

(Continued From Page 2)

Thurber's latest book will be greeted with rejoicing by all Thurber fans — and who isn't? His preoccupation with odd customs and manners, his inimitable drawings — there are fifty of them here — and his fresh observations on anything and everything, have endeared him to all American readers.

April 12, 1945, the day Franklin Roosevelt died, has been projected in its most significant consequences and its most obscure minutiae by Bernard Asbell in "When F.D.R. Died". The author has drawn material from almost every representative area of reaction, and has undertaken hundreds of interviews to discover not only what happened on that day, but why it became so personal an event for so many people.

## Royal Porter Putnam Journal

(Continued From Page 2)

Sunday the 19th Decm. 1858. The day is warm and pleasant. I enjoy good health in this beautiful climate. My weight is now 180 lbs. There has been a drove of Chinamen passed by here to day. They were going to Kern River mines. Success go with them. There is considerable travel on this road at present.

Monday the 20 Decm. 1858.

Tuesday the 21 Decm. 1858.

Wednesday the 22 Decm. 1858.

Thursday the 23 Decm. 1858.

Friday the 24 Decm. 1858.

Saturday the 25 Decm. 1858. This day is Christmas. I have passed the day very pleasantly. Had for dinner Spare Ribs, Sweet Potatoes, Preserves &c. At night five men came over here & got gentlemanly "light". The day is very pleasant. A Merry Christmas to you all. R. P.

Sunday the 26 Decm. 1858. I am feeling very well after Christmas. Some better than I did two years ago after indulging freely of Hams Bitters &c. A beautiful day we are having. We are all well. There is a Dutchman here & a man & his wife. Amusing themselves playing cards. Let them go it. By Gorry.

Monday the 27th of Decm. 1858. It is now raining very hard. People anticipated a heavy flood. Our well is caving. Very unfortunate for us.

Tuesday 28 Decm. 1858. — Bot me an over shirt. Charles has gone to town. Bot a load of wood. Paid 2.50 had lots of Company. The rain has subsided & the Weather looks fair.

Wednesday 29 Decem. 1858. A young man by the name of Coleman stoped with us last night. We had lots of fun with him.

Thursday the 30 Decm. 1858. — Weather fair. Health good.

Friday the 31st Decm. 1858. — This is the last day of the year & a warm pleasant day it is. I never saw nor experienced its equal at this season of the year. Charles & Isaac Putnam have gone to a Dancing party & I am left all alone this evening and am trying to pass the time pleasantly in writing to Brother Perley & Uncle R. The night is very dark.

Saturday the 1 of Jan. 1859. — We are having a splendid day for the commencement of the new year. Charles & Isaac came home this morning. Had a good time in Dancing. Coleman is here again, full of fun as usual.

Sunday the 2d of Jan. 1859. Nothing to say all quiet.

Monday the 3d of Jan. 1859. I received a letter from Perley and one from Arthemisa. Also one from Uncle R. and one from Helena Manton. A small note from James Sephieve at Los Angeles. They all brought glad news, & I feel some better.

Monday the 3d day of Jan. 1859. The overland stage passed by here with the pay master a board. Accompanied by Toms Road Agt. day cold no Travel.

Tuesday 4 Jan. 1859.

Wednesday the 5 Jan. 1859.

Thursday the 6 Jan. 1859.

Friday the 7 Jan. 1859.

Saturday the 8 Jan. 1859.

Sunday the 9 of Jan. 1859. — Isaac Putnam & myself have been out looking for Ducks &&& Some thing else not mention. Our days work proved very successful, though we did not accomplish the thing most desired. We have still good faith & think it will be all right on our next journey. Weather cloudy & cold.

Monday the 10 of Jan. 1859.

Tuesday the 11 of Jan. 1859.

Wednesday the 12 of Jan. 1859.

Thursday the 13 of Jan. 1859.

Friday the 14 of Jan. 1859.

The stage is due to day from St. Louis. The Blacksmith left yesterday. Mr. Lind called here to day & had a fine time. The Doctor George of Visalia was here at the same time & we all had game of cards.

Saturday the 15 Jan. 1859.

Sunday the 16th day of Jan. 1859. — Nothing of any importance.

Monday the 17 Jan. 1859.

Tuesday the 18 Jan. 1859.

Wednesday the 19 Jan. 1859.

Thursday the 20 Jan. 1859.

Friday the 21 Jan. 1859.

Saturday the 22 Jan. 1859.

## CHAPEL CHIMES

By  
Rev. N. J.  
Thompson

One day a minister was preaching in London's famous Hyde Park. A heckling Communist in the crowd pointed to a man in rags. He said, "Communism can put a new suit on this man." The preacher answered, "Christ can put a new man in that suit."

Christ is the answer to the world's social problems. The trouble with society is man. Christ reaches the core of the problem—the human heart.

Christ changes a man's heart. Old desires, false attitudes, evil habits go. The convert becomes a new man, with a Christ-centered set of values.

Lord Kelvin once said, "The more thoroughly science is studied, the closer it takes us to a Supreme Being. If you think strongly enough, you will be forced by science to a belief in God."

Other great scientific leaders—Sir Isaac Newton, Louis Pas-

teur, and Michael Faraday—were religious men.

An American traveler in China asked his ricksha driver if he had ever read the gospel story. The coolie replied, "No, but I have seen it."

The American was puzzled until the man explained, "I have seen a man who was the terror of his village, with his curses, and his violent temper. He was an opium smoker, a criminal, and as dangerous as a wild beast. One day he heard the religion of Jesus preached. Since that day, he became gentle and good, and threw away his opium pipes. No, I have not read the gospel, sir. But I have seen it, and it is good."

"We need a vision of God which comes only to those who subordinate everything—mind, will, life—to Christ," writes a Christian magazine editor. "And we need to experience the joy which proceeds therefrom."

### 12 PER CENT OF CROP ELIMINATED

SACRAMENTO, June 22 — Twelve per cent of the cling peach crop in California will be eliminated upon recommendation of the Cling Peach Advisory board and by approval of State Director of Agriculture Charles Paul.

## FISHIN'

By  
Slim  
Washburn

Fishing has been very good on all forks of the Tule river this last week and weekend, and prospects are for continued good fishing this coming week and weekend.

All forks of the Tule will be planted with catchables again this week. Best fishing for plants will be in the areas around Camp Nelson, Camp Wishon, Cedar Slope and the Moorehouse Fish Hatchery.

Fishing is finished for the season from Springville to the PG&E powerhouse because of low, warm water.

Big Kern, and Little Kern rivers, reached from the pack stations at Quaking Aspen, are very good. Coyote Lake, good.

All lakes, except Summit lake, reached from the Balch Park pack station, are good. Blossom lake, exceptionally good.

Largest fish reported this last

WHEN BERTHA Blancett, of Porterville, was given a brand new TV set after appearing recently on the NBC TV show, "It Could Be You," patients in the Porterville Convalescent hospital actually benefitted also, for Bertha presented the set that she already had to the hospital in the name of the Porterville Emblem club, an organization in which she is quite active. In the above photo, taken at the hospital, are, from left: Alice Vossler, Emblem Club Community service chairman; Nadine Conner, Emblem Club president; Grace Starks, Emblem Club Corresponding secretary, Bertha Blancett; and Ralph Thompson, owner of the convalescent hospital. (Farm Tribune photo)

week—a 20-inch Brown trout caught near the PG&E powerhouse by Roger Patterson, of Porterville.

### Stanley Nobles Honored By Burton 4-H Group

BURTON, June 22—Mr. and Mrs. Stanley Noble were honored, and given a gift certificate, by members of the Burton 4-H club at final meeting of the year held June 12 in Murry park.

Mr. and Mrs. Noble have served for five years as community leaders in 4-H work; Mr. and Mrs. Earl W. Reed will become Burton's new community leaders as of July 1.

Prior to the final meeting, club members enjoyed swimming in the Porterville municipal pool, followed by a potluck supper. A brief business session was held; project books for the year were turned in.

San Joaquin Valley Division

**Time Out**

By DAVIS HARP

**PAT MILLS HAS TALENT GALORE  
ON KERN COUNTY ALL-STAR SQUAD**

Most of the fine and considerable football talent of the San Joaquin valley assembled in the broiling Bakersfield heat this week as rival teams, the Kern County All-Stars and the North All-Stars, the latter made up of athletes from Kings, Tulare, and Fresno counties, began preparations for the 4th annual Senior Bowl Football game in Bakersfield's Memorial Stadium June 29, at 8:30 p. m.

The contest is staged by the Kern County Fire department employees and all proceeds from the game go to a fund for retarded children.

Porterville College's newly appointed head football coach, Pat Mills, has charge of the Kern County All-Stars. The youthful mentor has enough

football talent at his disposal to make head coaches across the nation jump for joy. The southerners are working out twice daily at Garces High school regardless of temperature.

Assisting Mills with the coaching duties are Jack Burtner, of Wasco High school, Ned Permenter, former Bakersfield star, and Jim Boyett, former speed-burning halfback from Porterville College and of late the University of California at Santa Barbara.

"The prospects are good," Mills said, "the boys have lots of hustle. We have two different lines and three backfield combinations working at present. I think this is going to be a really outstanding football game. The North outfit is

loaded, as you might expect, and we think that the boys we have to protect against are Bobby Lee and Gary Birdsong of Coalinga, and Charlie Leathers and Jim Blakney of Hanford. Those boys have lots of speed."

Looking over the Kern County outfit we found names that ring familiar in the ears of anyone who glanced at the sport page during the past grid season. The three backfield combinations are as follows. Red unit: Quarterback, Othel Pearson, Wasco; fullback, George Medibru, North High, Bakersfield; halfbacks, Johnnie White, Delano and Allen Johnson, Bakersfield. Blue Unit: Quarterback, Bill Drennin, North High; fullback, Dave Marion of Bakersfield High; halfbacks, Allen Garrison and Terry Cravens. White Unit: Quarterback, Stan Antongiovanni, of East Bakersfield; fullback, Ernie Pye of Delano; halfbacks, Bill Mackey of East Bakersfield, and Ted Wright of Bakersfield.

C. G. LIAKIS, Porterville gardener, with some of the earliest sweet corn produced in this area.

What can the football fans expect from the Kern crew? "We will play a wide - open brand of football. We can throw and we have good catchers. We will, above all, try to get the most out of our personnel. And a good offense always takes advantage of defensive commitments," Mills said.

We think that this Senior Bowl game is a great opportunity for Porterville football fans to get a look at things to come at PC. Pat Mills told us that the offense that we see the Kern County all-stars using June 29 is the same sort of thing the Porterville College Pirates will use come September.

Tickets for the event are on sale at the Hotel Porterville Pioneer, \$2.00 a head.

### LEGAL NOTICE

NOTICE OF ASSESSMENT  
Number 131

Hilo Water company, a California corporation with principal office at the City of Porterville, County of Tulare, State of California.

NOTICE IS HEREBY GIVEN that at a Board of Directors Meeting held on the 1st day of June, 1961, A.D., an assessment of ten dollars (\$10.00) per share was levied upon all shares of this corporation payable on or before the 15th day of June, 1961 A.D., to the corporation at the office of the secretary, Porterville, California, or mailed to 1649 Kamar, Porterville, California. Any shares upon which this assessment remains unpaid on the 15th day of July, 1961 A.D., will be delinquent and unless payment be made prior to delinquency said shares or as many of them as may be necessary will be sold at secretary's office, at 1649 Kamar, Porterville, California, on the 15th day of August, 1961 A.D., at 10 o'clock a.m. of such day to pay the delinquent assessment together with a penalty of five per cent of the amount of the assessment on such shares or be forfeited to the corporation.

We have just received the latest thing in water saving sprinklers. This is a plastic tube type of sprinkler in which the manufacturer forgot to put any holes. You may leave this fully turned on all day without danger of wasting a drop. We predict this will be a boon to all those with faltering pressure systems. After the first wet winter they may be returned and we'll have the holes installed for free.

We have other sprinklers which water square areas, oblong areas, long narrow strips, or circles. All of these have holes in however and do require a certain amount of water. Most popular seems to be the "swing and sway" type which oscillates slowly back and forth. This one gives you time to turn the faucet on and get away before getting soaked.

Along with sprinklers we should mention hoses. These are plastic and come in two types which may be described as the cheap kind or the expensive kind. The economy model has one interesting feature in that by leaving the faucet on and shutting off the sprinkler end of the hose it can be made to burst with a very satisfactory roar. They have partly corrected this by providing hose ends which are almost impossible to connect to anything including the faucet.

The more expensive hoses are burst proof and may even be driven over all day with the water on. If you have a day to spare some time bring the family car around and try one out. "E" Street North of Olive - Porterville.

**DAYBELL'S**

A Tuesday Bonus Store

VISALIA, June 22—A number of Central California orange growers have expressed an interest in utilizing wind machines to cool their groves during periods of hot weather. Some have already tried running the machines. It has been noted that a temporary drop in air temperatures of five to eight degrees may occur.

Moving air tends to speed moisture evaporation from citrus leaves and fruit. This results in an acceleration of the drying effects of hot weather and can actually aggravate fruit damage. Unless there is free moisture such as would be attained in a solid area being sprinkled or flood irrigated with ample moisture in the root zone, the trees will desiccate and the temperature drop will be insufficient to be of any help.

To minimize high grove temperatures, citrus growers can plant cover crops. This, of course, necessitates more frequent irrigation to provide moisture for the ground cover. For groves that are under non-tillage, an insulating cover of sawdust or shavings on the

SAN JUAN day program at the Tule River Indian Reservation, Saturday, featured a day of entertainment, barbecue, and evening dance, plus a display of traditional Indian basket work. Top photo shows Margaret Rodilez with baby carriers from Northfork, and an Indian basket made by her grandmother, Cruz Dionicio, on the Tule reservation; large round basket, belonging to Anna Lyda Peyron, of Porterville and made by Louise Francisco, used for an Indian dice game, with a set of dice in front, made from nut shells filled with tar and marked with pieces of abalone shell; the oblong basket is a flour sifter, made by Martha Alto; in photo are Kathleen Manuel, queen of San Juan day with Marcus Hunter, tribal chief; bottom photo shows Porterville Centennial committee delegation that drove to the reservation in Ed. Jones' 1913 Speedwell: Allan Coates, Donald Jones, Ed. Jones and Bill Rodgers. Pictures at right. (Edwards Studio and Farm Tribune photos)

## 5,000 PERSONS EXPECTED TODAY AT 34TH ANNIVERSARY MEETING OF CALCOT LTD. AT MOONEY GROVE PARK

BAKERSFIELD, June 22 — Members of Calcot, Ltd., and their families, will observe the

34th anniversary of their world famous cotton marketing organization today at Mooney's Grove park, south of Visalia, more than 5,000 persons are expected.

General Manager J. Russell Kennedy's business report on the past year's operations will highlight the full day meeting which gets underway at 10 a. m. with registration and serving of refreshments. Included in Kennedy's report will be the amount of this year's final payment to members, expected to reflect an outstanding year, and a general outlook for the 1961-62 season.

The meeting will follow the pattern of previous ones. There will be cotton contests for all ages and numerous prizes. Displays will show how Calcot cotton is manufactured into finished products, centered around the theme, "Calcot and the World of Textiles." Reynold Rutledge and his band will provide background music during the day. At noon the crowd will be treated to a barbecued beef lunch with all the trimmings. Following lunch the business meeting gets underway.

(Continued From Page 1)

stands will be in operation; vintage and experimental aircraft will be shown; members of the Tulare County Regional unit of the Horseless Carriage Club of America will have their cars on display, and will also drive around the airport.

The air show program on Sunday will start at 12:30 p. m. with Winters making an American flag parachute jump; following through the afternoon will be: A hot air balloon ascension and delayed parachute jump by Ralph Wiggins, who performed at the Porterville fair two years ago; a fly-by of a World War I Sopwith pup, built and piloted by Pfeifer; a "scare-stair" acrobatic act by Winters on a biplane piloted by George Brady; acrobatics by Clyde Parsons in a Great Lakes plane.

Cartop landing, low aerobatics and flying hurdles by Winters in a "Hot Canary"; borate bombing demonstration by Sierra Aviation of Porterville, with "Dirty" Douglas as pilot; ("Dirty" refers to his villain-type Centennial moustache) the world's highest trapeze act without a net.

Experimental aircraft fly-by; parachute pulloff by Wiggins; aerobatics with smoke. Bud Fountain piloting the "Great Lakes"; and the grand finale—The Clobber—with Winters flying his plane through a burning barrier.

Admission to the airport on Saturday will be \$1.50 for everyone, with supper 50 cents extra. Admission includes the evening stage show and dance.

Admission Sunday will be

### TOY LOCOMOTIVE HAS DANGEROUS CHEMICAL

VISALIA, June 22—The Tulare County Health department has received a memorandum from the State Department of Public Health that a plastic toy locomotive called Huff 'N Puff manufactured by Hirsch Laboratories, Toledo, Ohio, contains a glass bottle filled with sand and wax impregnated with phosphorus trichloride. This is an extremely corrosive chemical which can cause severe burns on contact. It is also particularly hazardous to the eyes.

All stores handling this type of a toy have been alerted by the health department to remove such articles from the shelves, and return to dealers. Huff 'N Puff toys already purchased should be destroyed.

\$1.50 for adults; 50 cents for children from 6 to 12 years; no charge for children under 6 years.

Winters, the featured performer in the air show, is a Hollywood stunt man and thrill artist who has "been in the business" since he was 15 years old.

New hog and sheep sales yards were opened June 12 at the Fresno County Farm Bureau auction yard.
